Cable reels full plastic type 510, 530

Type 510

Quality features

- reel body and carry frame made from plastic
- simple, recessed holding brake
- type 13 IP55
- balanced design – low weight
- with thermal protection

Capacity

3×1.5mm²/30m

Weight

approx. 5kg

Dimensions

297×367×208 mm (L×W×H)

Type 510, IP54

	Item no.	Symbol output	Output	Cable length	Cable Ø	Input/plug
✓	244628		3×T13	30m	3×1.5mm ² Gifaflex	T13, vulcanized

Other fitting options on request. All components are available as replacement parts.

Type 530

Quality features

- solid tubular steel frame, black powder-coated, plastic reel body
- simple, recessed holding brake
- type 13 IP55
- balanced design – low weight
- with thermal protection

Capacity

3×1.5mm²

Type 518 with secondary reel (without slip ring)

Quality features

- solid, halogen-free hard rubber reel body
- solid, steel frame blue
- external, maintenance-free holding brake
- impact-proof and resistant to ageing
- high mechanical strength
- resistant to chemical influences
- UV and weather-resistant
- high quality, tested accessory components
- with thermal protection

Capacity

- 3×1.5mm²/90m
- 5×2.5mm²/40m

Weight

- without cable, approx. 7.5kg

Spring-driven cable reels type 520

Type 520 (9000)

Quality features

- fully assembled spring-driven cable reel, with swivel wall bracket
- casing made from impact-proof plastic black/yellow
- retraction lock with toothed lock every 50cm, easy to switch off
- with thermal protection
- cut lengths 5 to 7 m
- slip ring 2- to 3-pole
- max. operating voltage 230V
- protection category IP42
- standard: IEC1242

Notes on installation

Suitable for:

- wall mounting
- floor mounting (reel body fixed with bracket)
- ceiling mounting (reel body fixed with bracket)

Illustration of installation options: see page 18.

Item no.	No. of poles	Cross-section	Cable length, rolled up	Output rolled up	Output unreeled
✓ 058047	3	1.0 mm ²	6 m + 1.0 m free	1'100W	1'600W
✓ 058049	3	1.5 mm ²	5 m + 1.0 m free	1'400W	1'900W

✓ from stock, offer subject to prior sale

Type 521 (XF)

Quality features

- fully assembled and preset push cable reel, with swivel wall bracket
- encased casing made from impact-proof yellow plastic
- retraction lock with toothed lock every 50cm, easy to switch off
- with thermal protection, 2- to 3-pole
- special cable, black (end cut to a smooth finish, no connection coupling)
- cut lengths 3 to 14 m
- slip ring 1- to 8-pole 10A, also 20A possible
- max. operating voltage 500V
- protection category IP42/with cover cap = IP43
- standard: IEC1242
- strands colour from 7-pole version: black

Notes on installation

Suitable for:

- wall mounting
- floor mounting (reel body fixed with bracket)
- ceiling mounting (reel body fixed with bracket)

Illustration of installation options: see page 18.

Thermal protection

The design with thermal protection is only possible for 230 V. A link must be fitted between the terminals.

With 4- or 5-pole connections, the thermal protection can only be used via an external isolating switch (contactor). A 6- or 7-pole supply lead is required for this, however.

Accessories

To reduce the amount of contamination entering through the cable inlet, there is a cover cap available as an accessory (protective bellow). This can be retrofitted and increases the protection rating to IP43.

Item no.	No. of poles	Cross-section	Cable length, rolled up	Performance, rolled up	Performance, unreeled	Thermal protection

Spring-driven cable reels type 527 (AL)

Type 527 (AL)

Quality features

- housing made of die-cast aluminium, painted in black
 - retraction lock with toothed lock every 50cm, easy to switch off
 - cut lengths 12 to 27m*
 - double ground contact
 - collector with brass rings and special brushes with very low voltage drop
 - slip ring insulation voltage 2.5kV
 - max. operating voltage 500V
 - ambient temperature -5°C / +50°C
 - without cable on the supply side
 - protection category IP42
 - optional with SAFETY-Return
- *smaller version (without SAFETY-Return) available on request

Notes on installation

Suitable for:

- wall mounting
- floor mounting (reel body fixed with bracket)
- ceiling mounting (reel body fixed with bracket)

Illustration of installation options: see page 18.

Item no.	No. of poles	Cross-section	Cable length, rolled up	Performance, rolled up	Performance, unreeled
✓ 250575	3	1.5mm ²	20m + 2.0m free	1'100W	1'800W

Spring-driven cable reels type 524

Type 524 (7000)

Quality features

- fully assembled and preset push cable reel, with swivel wall bracket
- enclosed casing made from impact-proof grey plastic
- drawback spring of special steel, appointed at delivery on continuous load, detent adjustable
- terminal board on supply side
- reinforced slip ring package for increased requirements
- double ground contact
- cut lengths 15 to 25 m
- slip ring 1- to 5-pole 10A
- max. operating protection 500V
- protection category IP42
- standard: IEC1242
- optional with SAFETY-Return

Notes on installation

Suitable for:

- wall mounting
- floor mounting (reel body fixed with bracket)
- ceiling mounting (reel body fixed with bracket)

SAFETY-Return

The SAFETY-Return enables the cable to be rewound slowly, thus avoiding dangerous kickbacks if the cable slips out of the operator's hand.

item no. 211865

Accessories/spare parts	
✓ 026118	Locking set for spring-driven cable reel for ceiling mounting (fixed installation)
✓ 211865	Backstop SAFETY-Return

✓ from stock, offer subject to prior sale

Type 526 (1400)

Quality features

- fully assembled and preset spring-driven cable reel (holder not included, must be ordered separately).
- robust, open design, suitable for industrial use, in aluminium/steel, epoxy-coated, cable inlet of aluminium
- direct fitting on to the wall or with special swivelling holder
- with special spring drive unit, spring made from special steel with high resistance capacity
- collectors with 20, 50 and 100A
- cut lengths up to max. 20m
- slip ring 1- to 12-pole possible
- max. operating voltage 400V
- protection category IP65
- tested to EN 61242, EN 61316
- strands colour from 8-pole version: black
- cable H05 VV-F black

Notes on installation

Suitable for:

- wall mounting
- floor mounting (item no. 137845 necessary)
- ceiling mounting (item no. 137845 necessary)

Illustration of installation options: see page 18.

The spring-driven cable reels are supplied with continuous retraction setting ex works. Please inform while ordering if the lock device should be changed.

Example ceiling mounting

Accessories/spare parts	
✓ 137845	Wall/ceiling/floor holder for fixed mounting
✓ 139016	Wall holder, swivelling

Spring-driven cable reels type 525

Type 525 (1700)

Quality features

- fully assembled and preset spring-driven cable reel
- robust, open design, suitable for industrial use, in aluminium/steel, epoxy-coated
- direct fitting on to the wall or with special swivelling holder
- with special spring drive unit, spring made from special steel with high resistance capacity
- slip ring 1- to 25-pole possible
- max. operating voltage 500V
- protection category IP65
- tested to EN 61242, EN 61316
- strands colour from 7-pole version: black
- optionally with SAFETY-Return

Notes on installation

Suitable for:

- wall mounting
- floor mounting (item no. 016123 necessary)
- ceiling mounting (item no. 016123 necessary)

Illustration of installation options: see page 18.

The spring-driven cable reels are supplied with continuous retraction setting ex works. The lock device can be easily switched on before commissioning.

Supplied complete with approx. 2.5 m connection wire on the mains input and 2 m external cable (special cable, black, end cut off smoothly, no connection coupling) in H05VV F quality. Different types are available with reinforced cables (H07RN-F).

Item no.	No. of poles	Cross-section	Cable length, rolled up	Performance, rolled up	Thermal protection	Max load on slip ring	Dimension specifications (diagram below)		
							A	B	C
059712 ¹⁾	1	16.0mm ²	30m + 2m free			60.0A	440mm	160mm	365mm

¹⁾ ceiling mounting not possible

²⁾ SAFETY-Return included

Accessories / spare parts	
✓ 059873	Wall holder, swivelling (only for flange-Ø440mm)
✓ 016123	Wall / ceiling / floor holder
✓ 016871	Connection nipple M25, black
✓ 016872	Reduction screw M32-M25
✓ 038208	Plastic cable protective tube, black, flexible
189770*	Backstop SAFETY-Return

*can only be fitted during the manufacture of the cable reel, please specify when ordering!

✓ from stock, offer subject to prior sale

Wall mounting

- cable reel mounted on the wall
- swivelling
- fixation of the reel body in the mounting bracket not necessary

Floor mounting

- cable reel mounted at the bottom
- for installation with increased cable length and the associated higher weight of the cable
- fixation of the reel body in the mounting bracket necessary

Ceiling mounting

- cable reel mounted at the top
- for installation with a reduced number of metres of cable and the associated lower weight
- fixation of the reel body in the mounting bracket necessary

For ceiling mounting and thus a vertical cable outlet / pull-up, the roller body is fixed in the mounting bracket. Please specify when ordering.

Notice

If the length and cross-section increase, the dead weight of the cable increases. This limits the installation options of the cable reel.

Hose reel for air and water type 583

Type 583 (804)

Quality features

- KPU hose
- technopolymer structure
- swivelling metal bracket for wall or ceiling mounting
- housing made of impact-resistant plastic
- operating pressure max. 15 bar

Notes on installation

Suitable for:

- wall mounting
- floor mounting (reel body fixed with bracket)
- ceiling mounting (reel body fixed with bracket)

Illustration of installation options: see page 18.

Item no.	Hose length rolled-up	Internal-Ø	Connection	Pressure	Colour
✓ 052496	9 m + 1 m free	8.0 mm	1/4"	15 bar	yellow

Accessories/spare parts

- ✓ 024246 Locking device for ceiling mounting (fixed installation)

✓ from stock, offer subject to prior sale

Type 584 (FLEX)

Quality features

- hose reel for air and cold water
- with drawback spring
- housing made of impact-resistant blue plastic (also available in yellow on request)
- reel set at factory with locking device, can be switched to continuous pull
- operating pressure max. 15 bar
- FLEX hose, very flexible, antistatic, does not attract dust and paint particles
- optional with SAFETY-Return

Notes on installation

Suitable for:

- wall mounting
- floor mounting (reel body fixed with bracket)
- ceiling mounting (reel body fixed with bracket)

Illustration of installation options: see page 18.

Item no.	Hose length rolled-up	Internal-Ø	Connection	Pressure	Colour
✓ 250507	15 m + 1.5 m free	8 mm	1/4"	15 bar	blue
✓ 250508	15 m + 1.5 m free	10 mm	3/4"	15 bar	blue

SAFETY-Return

The SAFETY-Return enables the hose to be rewound slowly, thus avoiding dangerous kickbacks if the hose slips out of the operator's hand.

item no. 250666

Accessories / spare parts	
✓ 026118	Locking set for spring-driven cable reel for ceiling mounting (fixed installation)
✓ 250666	Backstop SAFETY-Return

Hose reel for air and water type 584 (SAFE)

Type 584 (SAFE)

Quality features

- hose reel for air and cold water
- with drawback spring
- housing made of impact-resistant black plastic
- reel set at factory with locking device, can be switched to continuous pull
- operating pressure max. 15 bar
- lime green KPU hose, highly visible, reduces the risk of tripping
- optional mit SAFETY-Return

Notes on installation

Suitable for:

- wall mounting
- floor mounting (reel body fixed with bracket)
- ceiling mounting (reel body fixed with bracket)

Illustration of installation options: see page 18.

Item no.	Hose length rolled-up	Internal-Ø	Connection	Pressure	Colour
✓ 250509	16m + 1.5m free	8mm	1/4"	15 bar	black
✓ 250510	16m + 1.5m free	10mm	3/4"	15 bar	black

SAFETY-Return

The SAFETY-Return enables the hose to be rewound slowly, thus avoiding dangerous kickbacks if the hose slips out of the operator's hand.

item no. 250666

Accessories/spare parts	
✓ 026118	Locking set for spring-driven cable reel for ceiling mounting (fixed installation)
✓ 250666	Backstop SAFETY-Return

✓ from stock, offer subject to prior sale

Type 585 (813)

Quality features

- hose reel for air and cold water
- model with improved performance, closed design
- housing made of die-cast aluminium, stove-enamelled yellow
- reel set at factory with locking device, can be switched to continuous pull
- operating pressure max. 12 bar
- polyurethane hose
- swivelling bracket for wall or ceiling mounting

Notes on installation

Suitable for:

- wall mounting
- floor mounting (reel body fixed with bracket)
- ceiling mounting (reel body fixed with bracket)

Illustration of installation options: see page 18.

Item no.	Hose length rolled-up	Internal-Ø	Connection	Pressure
✓ 039797	10m + 2m free	8mm	1/4"	12 bar

Type 587 (8800)

Quality features

- hose reel for air and cold water
- closed design with high pressure resistance of 20 bar
- solid aluminium pressure housing, powder-coated, yellow
- stop device for desired hose length
- brass / stainless steel straight-through joint
- inlet connection on straight-through joint
- polyurethane hose
- swivelling bracket for wall or ceiling mounting

Notes on installation

Suitable for:

- wall mounting
- floor mounting (reel body fixed with bracket)
- ceiling mounting (reel body fixed with bracket)

Illustration of installation options: see page 18.

Item no.	Hose length rolled-up	Internal-Ø	Connection	Pressure
✓ 059284	15m + 1m free	12.5mm	1/2"	20 bar

✓ from stock, offer subject to prior sale

Hose reel for air and water type 588

Type 588 (8400)

Quality features

- hose reel for air and cold water
- large model, can be fitted in different ways, open layout
- reel body made from high quality special plastic
- shiny polyurethane hose
- max. operating pressure 20 bar
- supporting yoke made from zinc-plated, stainless steel
- stop device for hose length required
- through-joint in brass/stainless steel
- intel connection on the through-joint
- universal hose locking piece
- swivel-motion with add-on unit

Item no.	Hose length rolled-up	Internal-Ø	Connection	Pressure
153268	15 m	12.5 mm	1/2"	20 bar
153269	20 m	12.5 mm	1/2"	20 bar

Assembly options

The appropriate unit is required for the swivel-motion version:

Item no.	Description
153270	Swivel bracket for type 588
153271	Coil cover yellow for type 588
153272	Coil cover black for type 588

item no. 153270

item no. 153271

item no. 153272
